

My "Drive Safely without SCAMCAMS" Pledge

"I will do my part to make Auburn, Washington, known as the place where the citizens are alert, safe, sober, law-abiding, and freedom-loving drivers. While in Auburn, I will employ only hands-free cellular devices, avoid substance abuse prior to or while driving, obey the speed limits, and drive defensively to an extraordinary degree. Until the SCAMCAMS are removed, we will together seek to starve them out through their disuse."

Check Here: () "I recognize that the SCAMCAMS are but another symptom of a disease that has been taking over our city, state, and country for some time now. But, it's a place for us to jump, to land, and to take our stand within our present sphere of influence. By incrementally pushing back here and now on our own street corners and bringing the SCAMCAMS down, we may regain the hope and strength necessary for the even-larger battles for liberty ahead. Please contact me about possibilities of helping fellow "boiling frogs" in first bringing down the SCAMCAMS in Auburn, on the road to preserving other aspects of our city, state, and very Republic itself."
